1. [REDACTED] assistant chief of Records Management Staff,

protective regarding the files and that we should not indicate that we had seen the schedules. Permission to consult the records should be obtained from her superior, Mr. Saunders, the Comptroller.

3. The records inventory for the Office of the Comptroller is made up of seven different schedules each with its own serial numbers. These are: Comptroller, NSC, Fiscal Division, Site Audit, Budget Division and Procedures, Finance Division, and Machine Records Division as shown in the attached listing. *in Reference A*

4. [REDACTED] office has prepared a summary of the permanent files of the Office of the Comptroller and a thermafax copy of this summary is attached. *as Reference B*

5. An examination of inventory showed that the temporary items listed in the attached list would probably have historical value and we might recommend their retention. *These are shown in Reference C*
